

Sikkens propone una gamma di 170 colori per la decorazione delle superfici murali all'esterno. Queste tinte particolarmente brillanti seguono l'evoluzione moderna del gusto del colore.

Sono adatte per esterno in quanto, impiegando i pigmenti tecnologicamente più avanzati, risultano perfettamente resistenti alla luce, agli agenti atmosferici e all'alcalinità dei supporti. Tutti i colori sono riproducibili con macchina colorimetrica nei vari prodotti di seguito elencati.
